FULFILLMENT

Whether you need knit fabrics, garment manufacturing, or full package solutions, Coville is your one-stop source for Made in USA knit products and services. With comprehensive product development, manufacturing, and 3PL distribution services all conveniently located in the Carolinas, Coville is uniquely positioned to deliver the expertise, speed, versatility, and innovation you need to consistently succeed.

EXPERTISE

For more than 35 years, Coville has been globally recognized as a leader in market-defining performance and fashion knits. Today, the Coville family of companies also includes the Alandale Knitting Company (circular knits) and Carolina Apparel Group (cut and sew) operations to bring a combined 125 years of industry experience to meet your fabric, production, and full package needs.

SPEED

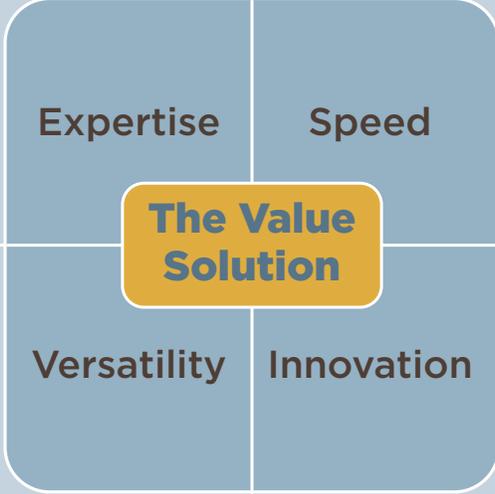

As a vertical solutions provider, Coville eliminates complexity from your supply chain by maintaining complete visibility and control over your products and priorities. With all plants and suppliers (yarns and other components) in very close proximity to each other, you gain the measurable benefits of a local and responsive supply chain. The result is shorter, smoother, and more dependable cycle times.

VERSATILITY

By partnering with Coville, you gain the flexibility of choosing from a comprehensive list of large and small contract or full package programs. Options include greige/finished fabrics, fabric/product development, design and sampling, contract knitting and assembly, distribution and fulfillment, and more. Coville invests in the latest technologies and processes to provide the broadest set of capabilities possible.

INNOVATION

The Coville culture is one of creativity and innovation. A dedicated staff of customer-focused professionals is present across all fabric, garment, and other operations. Patented knitting equipment and techniques, dedicated product development and sampling departments, modular sewing lines, and advanced supplier relationships also play an important role in the value-add that distinguishes Coville.
